## Titan 2 – The benchmark for clamping technology for maximum flexibility in machining

Horizontal and vertical **all-round vice** with **flexible jaw-range** for clamping raw and pre-machined workpieces using **gripp- and pull-down clamping**, **high clamping force with low torque** for almost **all clamping tasks** - now at a special offer price!

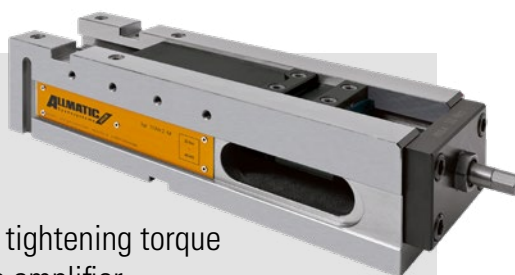

### Titan 2 M

Art.No.: 6921838000755

- Clamping force: 40 kN at 30 Nm tightening torque
- High-pressure spindle with force amplifier
- Supplied as standard with mounting holes for zero-point clamping system, pitch of 200 mm

Regular: 2.356,- €

**Your TOP-DEAL: 1.790,- €\***
